

## SDG Goal 16 Peace, justice and strong institutions

### SDG Target 16.1 Significantly reduce all forms of violence and related death rates everywhere

#### SDG Indicator 16.1.4 Proportion of population that feel safe walking alone around the area they live

1. Name of data series	
<b>Population not living in an area with crime, violence or vandalism</b>	
Compliant with SDG metadata: no	<a href="#">SDG Metadata</a>
2. Definition of indicator	
The indicator measures the proportion of the population (adults) who feel safe walking alone in their neighborhood.	
3. Comparison with SDG indicator (as of 03/08/2018)	
<p>Additional indicator</p> <p>The indicator does not measure how safe the population feels when walking alone in their area/neighborhood. Instead it measures whether there is crime, violence or vandalism in the surrounding area which can be taken as a proxy for the perceived safety.</p>	
4. Data description	
<p>The data on the prevalence and occurrence of crime, violence or vandalism in the surrounding area is collected in the EU statistics on income and living conditions EU-SILC). Europe-wide harmonised and comparable indicators for the monitoring of poverty and social exclusion in the European Union are determined with the EU-SILC-survey. The basis is a consistent, for all Member States binding, methodological standard. 14 000 households consisting of 23 000 persons above the age of 16 are surveyed every year in Germany on a voluntary basis for EU-SILC. The survey is conducted annually since the year 2005. Since the survey year 2008 the EU-SILC-survey is realised as random sample. Thereby a quarter of the sample is annually exchanged by a new drawn random sample.</p>	
5. Calculation method	
$\frac{\text{Population not living in an are with crime, violence or vandalism}}{\text{Total population}} = \frac{\text{population answering the question whether there is crime, violence or vandalism in the surrounding area of the home with no}}{\text{Total population}}$	
6. Unit of measure	%

7. Timeliness	8. Frequency
t + 1 year	Annual
9. Last regular revision	10. Revised period
